3. Experience

Junior Developer — Meimaris Communications   1/6/2020 – 23/10/2020
Completely re-designed the old ASP.NET website by replacing it with an
easier to manage CMS (CS-cart) and adapting it to the company's custom
needs (BackOffice panel, order tracking etc.)

Freelancer   23/10/2020 - Present
Focusing on designing/implementing user interfaces, optimizing
SEO/performance and developing custom solutions. For inquiry contact me via
e-mail or telephone.

4. Education

Computer Science | Aristotele University of Thessaloniki — Bachelor's   15/6/2020 — Present
1st year of studying CS and IT

5. Communication

Excelent communication skills inherited from open source collaboration projects and from competing
at coding contests/hackathons with teams.
